

MARKET OPENS BIG BUT SALES FORCE VALUES TO BOTTOM

All Sections of the List Con-
tribute to the Initial Ad-
vance. Gains Completely
Wiped Out Later.

NEW YORK, Jan. 26.—Stocks were strong at the outset, but prices receded before noon, with a succession of irregular declines which more than effaced the initial gains. United States Steel was the foremost feature. All sections of the list contributed to the initial advance, with practically no losses but before the end of the first hour realizing and short selling completely reversed the early order.

Heaviness in rails which was most acute in the final hour was the most disconcerting feature. Among the few noteworthy exceptions to the lowering movement were Mercantile Marine issues. Transactions in Marines were so large as to convey the belief in an early announcement of a reorganization plan. Total sales were 756,000 shares. Except for the strength in marines the bond market was heavy. Total sales were \$4,715,000.

(By L. J. Overlock)

BOSTON, Jan. 26.—An unfortunate occurrence from the stockholders standpoint is that with the largely increased railroad earnings comes the demand for higher wages. When the industrial wages are increased they are paid for by the consumers but not so with the railroads for the question of rates is settled by the Interstate Commerce Commission. At the moment European liquidation of our rails is going on but are being absorbed slowly on a scale down. The professional traders are disposed to wait for weak spots and a few of the industrialists and offered them down freely, the market closing at the lowest prices of the day. There is a large short interest outstanding and when the big interests take the market in hand again these shorts will find stocks rather scarce. If the market opens weak and lower in the morning would buy them, more especially the standard stocks and producing coppers.

FAVOR RECONCILIATION.

INDIANAPOLIS, Jan. 26.—Delegates representing 400,000 thousand union coal miners decided in the event of new wage scales were not negotiated by the time existing contracts expire they would remain at work as long as there is hope of coming to an agreement.

This decision was made by an overwhelming majority and endorses the policy of President White. After the policy was adopted, leaders expressed the belief the public and organized labor generally would approve of the action to cause as little interference with industrial conditions as possible in seeking wage increases.

EXCHANGING PRISONERS.

BERNE, Switzerland, Jan. 26.—Two hundred consumptive prisoners of war arrived at Berne. Half are French from Germany and the remainder Germans from France. They are the first to be brought under the recent agreement for the treatment of 15 health resort in Switzerland. The French and German government gave orders to the men not to attempt to escape under penalty of being treated as deserters.

ADMIRAL AT ODDS WITH NAVY HEADS

Vice Admiral Henry T. Mayo (top) and Admiral Frank F. Fletcher.

Admiral Frank F. Fletcher, commanding the Atlantic fleet, will turn over his command to Vice Admiral Henry T. Mayo because of differences that have developed between Admiral Fletcher and Rear Admiral A. M. Knight, head of the army war college, at Newport. The trouble arose over the decision in the recent naval "war game" and came to a head when the war college sent charges to Secretary of the Navy Daniels that during the "war game" Admiral Fletcher had "violated the fundamentals of strategy."

HELD FOR LARCENY.

NEW YORK, Jan. 26.—The death of his wife led directly to the arrest here of George Gray on a warrant signed by the Massachusetts governor, charging him with the larceny of cash and securities valued at \$100,000 from Fred Kensele, of Chicago, and "other persons living in Massachusetts."

Gray was apprehended after being followed by the police from the undertaker's to the cemetery where his wife was buried yesterday and back to the undertakers. He was indicted in Boston charged with stealing cash and securities.

LABOR FAVORS WAR.

BRISTOL, Jan. 26.—A British labor conference, by a great majority, reversed the former attitude regarding the war by adopting a resolution pledging the conference to assist the government as far as possible in the successful prosecution of the war.

It could be seen immediately after the conference began that a considerable body favored the government, when six hundred thousand miners cast a unanimous vote against the anti-war movement and the success of the patriotic resolution was certain.

WIRELESS DETECTOR INVENTED.

WASHINGTON, Jan. 26.—A wireless detector, to tell where radio messages come from has been invented and developed by Frederick Kolster, an experimenter in the government Bureau of Standards. Secretary Redfield suggested to Secretary of the Navy, Josephus Daniels, that the navy test the device.

IF KIDNEYS ACT BAD TAKE SALTS

Says Backache is a sign you have been eating too much meat, which forms uric acid.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.

ANOTHER ARMED STEAMER.

WASHINGTON, Jan. 26.—The arrival at New York of the Italian steamer America with two guns mounted, the same as on the Verda, already at the same port, may hasten the decision of the United States whether to change her policy regarding the clearance of merchant vessels armed for defense.

PUT CREAM IN NOSE AND STOP CATARRH

Tells How To Open Clogged Nostrils and End Head-Colds.

It is just what every cold and catarrh sufferer needs. Don't stay stuffed-up and miserable. You feel fine in a few moments. Your cold in head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dullness, headache; no hacking, snuffing, mucous discharges or dryness; no struggling for breathe at night.

Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, and relief comes instantly.

Great SHOE S-A-L-E

An unusual sale in all respects
Sale Prices—but not Sale Shoes

—We realize that prices mean nothing unless compared with the article.
—That's why we urge you to come and make comparison.
—Prices may be higher or lower here than elsewhere; but the question is—what do you get per dollar?
—Facts are these prices are lower than the shoes justify.
—They're made low for the economizers; people who must be prudent in expenditure, but who want something really good.
—These shoes are excellent—the height of current style—zeal of value-giving.
—Don't wait—a few days will make a big difference in your chances of satisfactory selection.
